DB Schenker Logistics Nederland

<Name of exhibitor>
<hall / booth>
Number of packages: etc. 1 / 4
Dimensions
Gross / net weight

We recommend not using cartons for packaging but stabile, waterproof and re-closable packing material. These materials should also resist the storage of empties as well as return or further transport.

All packing must be equipped with skids for handling by forklift- and pallet truck.

4. Liability and insurance

Our liability ends upon delivery of the exhibition goods to the booth and only resumes again with the acceptance of the goods at the booth. We do not assume liability for any goods left in the empty crates, boxes or packing material.

Possible damages etc. have to be acknowledged immediately and in writing to our on-site exhibition office between hall 5 and 7 or to your responsible Schenker branch office.

The goods are not insured by Schenker International B.V., unless written on the order services are always at the risk of the customer. All transactions are subject to the Dutch Forwarding Conditions, including arbitration clause, in the latest version deposited by FENEX at the Registry of the District Court at Amsterdam, Arnhem, Breda and Rotterdam. The general conditions are at all times available for inspections, can be consulted via www.fenex.nl and will be sent to you upon request free of charge. Our liability starts and ends with pick up at your address and the delivery at the booth, even without presence of the exhibitor. Waiting times according the rules of the fair organisation are not our responsibility.

We recommend signing a global fairs and exhibition insurance agreement to ensure you against any losses or damages of transportation as well as during the exhibition. Surely, we can arrange such an insurance if required.

If you renounce this comprehensive insurance protection we would like to acknowledge you that in this case the continuous liability on the basis of the Dutch Forwarding Conditions (FENEX) will be effective.

5. Terms of payment

Our invoices are raised to the forwarding agent charges according to our tariff and are calculated on a net basis. They are due for payment straight after receipt.

If your shipment is not handled by us, we have to ask you for payment of extra/additional charges on site.

Major credit-cards are welcome.

General Terms and Conditions

§ 1

The exhibition freight handling tariff is valid for all operations and services undertaken on the Amsterdam RAI exhibition ground (if Amsterdam RAI is the official organizer) by the official and exclusive forwarding agent of Amsterdam RAI. This includes all on-site handling of freight and carrying out of all necessary formalities for both domestic and foreign shipments.

§ 2

The official tariff will form the basis for all invoices by the official forwarder. Prices shown are maximum rates, calculations 1 cbm = 300 kg, and excluding VAT. The forwarders commission / administration charges cover planning and supervisory work carried out by the forwarder (i.e. arranging and holding available sufficient labour and equipment, etc.). Commission will be levied on the chargeable weight of the goods handled, or failing this a lumpsum will be charged based on the time and equipment used in carrying out an order.

Orders, which are placed 3 days prior to service day or more, are considered as pre-ordered. For orders for empty packaging storage or storage of goods, which are placed after 12.00 a.m. on the last setting-up day, Schenker will charge a supplement of 50% on the applicable tariff because of the additional work involved. The same applies to orders placed at the correct time, but where, by the end of the normal setting-up period, the empty packaging or goods has not yet been made ready for collection by the client. The times involved shall be understood as the normal setting-up times outlined in the schedule of times and dates for the relevant event.

For ad-hoc forklift services we will charge a minimum of 1 hour and in general we are calculating in half-hour units. It is possible to achieve lower prices regarding empties storage and equipment provision if there are a number of orders or consignments covering the same exhibition stand.

Office hours: Monday – Friday, 7am – 6pm. During build-up, breakdown and on-going exhibitions additional office hours according to requirements.

Night time: 6pm – 7am

§ 3

All transactions are subject to the Dutch Forwarding Conditions, including arbitration clause in the latest version deposited by Fenex at the Registry of the District Court at Amsterdam, Arnhem, Breda and Rotterdam. The general conditions are at all time available for inspection, can be consulted via www.fenex.nl and will be sent to you upon request free of charge.

§ 4

Shipments can only be accepted on a Freight Prepaid basis up to "free arrival exhibition ground Amsterdam" for land shipments, "free arrival Amsterdam airport" for airfreight shipments and "free arrival seaport Rotterdam" for sea freight shipments. In order to ensure prompt delivery to stand it is imperative each individual package marked with exhibitor's name, the name of the exhibition together with the hall and stand number.

§ 5

Exhibitors are recommended to take out transport and storage insurance for their goods, details of such insurance can be obtained from the official forwarder. Insurance cover over the storage of empty packing materials can only be obtained on special request from the official forwarder.

The Building and Fire authorities do not allow the storage of empty packing materials in the exhibition halls.
